## Contractors Roofing Statement

Re: \_\_\_\_\_ Cicero, IL. 60804

House/Building       Garage       Both

I, \_\_\_\_\_ as an authorized representative of \_\_\_\_\_ (company name), hereby states that I am aware of the requirements of the Town of Cicero where the code states, if two (2) layers or more exist, the entire roof, including all slopes, must be stripped to bare sheathing and treated as a new structure roof job.

I hereby swear that the current layer of roofing being installed will not be a third layer on the structure(s) above.

I am aware that neglecting to abide by this statement could require the roofing to be removed as necessary and penalty could be assessed as well as any other legal procedures sought by the Town of Cicero.
